

# EAS MODEL 1500 For commercial applications

1500 Storage Box

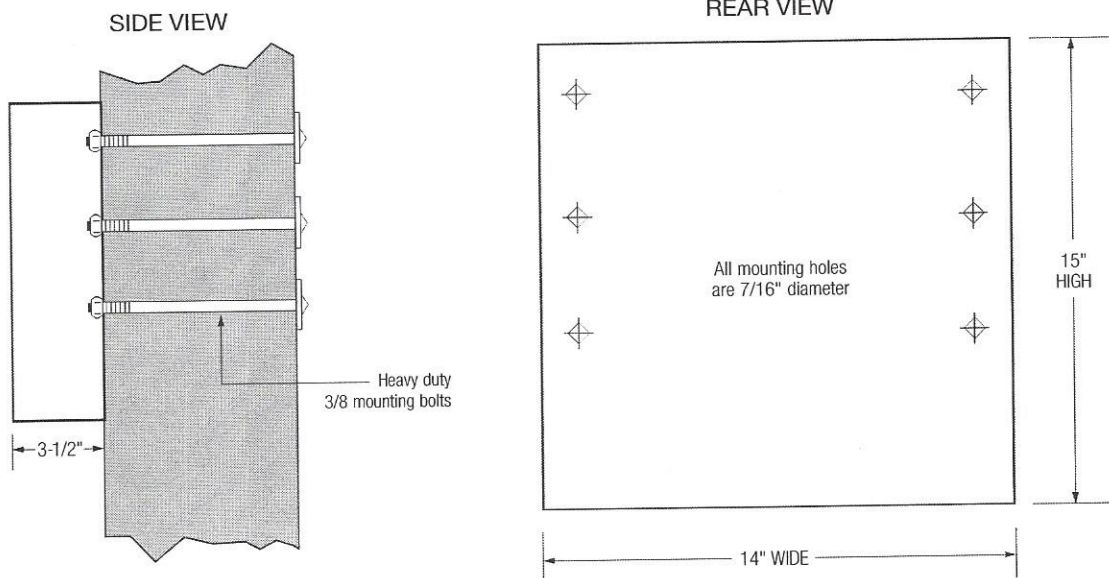

The **1500 Model** is a medium-security document box that is designed for multiple uses including emergency, industrial, and government use. This model allows for storage of multiple items including blueprints, floor plans, and important emergency documents such as HazMat information. It can be used for general key control if box is located in a secured area or as part of the Emergency Access System.

- Uses U.L. listed high security Medeco lock
- Polyester powder coat; almond

## Installation Diagrams

Check with local fire department for suggested mounting height and location
